

Tiger Securities AI System Workflow

How Our Intelligent Customer Support System Works

Real Examples of How It Works

FAQ Assistant Example

“How do I open a trading account?”

“To open a Tiger Securities account: 1) Visit our website and click ‘Sign Up’ 2) Provide your personal information 3) Submit required documents 4) Fund your account 5) Start trading! The process typically takes 2-3 business days.”

Market Data Agent Example

“What’s Apple’s current stock price?”

“Apple (AAPL) is currently trading at \$180.25, up \$2.15 (+1.19%) today. Market cap: \$2.4T. Volume: 45.2M shares. Previous close: \$148.10.”

Memory Assistant Example

“How many questions have I asked today?”

“In this conversation session, you have asked exactly 5 questions including this one.”
